

Rev. Dr. David Campbell  
President

February 5, 2013

Lou Visone  
Visone Enterprises  
10151 Main Street  
Clarence, New York 14031

Dear Lou,

Please use this letter of reference as my personal testimony of the scope and quality of the work you and your organization performed for my recent project management duties for the construction project at 2435 Hopkins Road, Getzville, New York 14068.

The scope of the duties performed were in excess of \$1,250,000 including all site work for a 26,000 SF multi-use complex with a 350 space parking lot. Your company completed the total requirements that meet all state and local permitting standards. In addition, you installed the complete below and above ground plumbing requirements for rest rooms, drainage and a complete kitchen capable of feeding 500 people.

In addition, you were personally part of the over-site team and assisted in securing quotes for other aspects of the project which was approximately \$4,000,000.

Your personal experience, dedication and integrity made the project a success and as cost effective as could be expected.

I personally will recommend Visone Construction to any individual or company seeking a trustworthy individual in the construction business. No task too small or too large.
